INTERNATIONAL COMMISSION ON ZOOLOGICAL NOMENCLATURE

COMPOSITION OF THE COMMISSION AT THE TIME OF THE ADOPTION OF DECLARATION 2

The Officers of the Commission

President: Professor Raphael Blanchard (France). Secretary: Dr. Charles Wardell Stiles (U.S.A.).

The Members of the Commission

Class'1913

Dr. J. A. ALLEN (U.S.A.).

Herr Professor Dr. Karl APSTEIN (Germany).

M. le Dr. Ph. DAUTZENBERG (France).

Professor William Evans HOYLE (United Kingdom).

Herr Professor Dr. Hubert LUDWIG (Germany).

Class 1916

Professor J. A. JENTINK (Netherlands). Professor David Starr JORDAN (U.S.A.). Professor F. S. MONTICELLI (Italy). Herr Geheimrath F. E. SCHULZE (Germany). Dr. Leonhard STEJNEGER (U.S.A.).

Class 1919

Professor Raphael BLANCHARD (France) (President of the Commission). Professor Louis DOLLO (Belgium).

Dr. Ernst HARTERT (United Kingdom).

Dr. Peter Chalmers MITCHELL (United Kingdom).

Dr. Charles Wardell STILES (U.S.A.) (Secretary to the Commission).

DECLARATION 2.

ON THE IMPORTANCE OF AVOIDING THE ISSUE OF AUTHORS' REPRINTS OR SEPARATA IN ADVANCE OF THE PUBLICATION OF THE WORK OR JOURNAL IN WHICH THE PAPER IN QUESTION IS TO BE PUBLISHED.

DECLARATION.—Whereas the widespread custom of issuing reprints in advance of the appearance of the original publication gives rise to much unnecessary confusion in nomenclature, be it

Resolved, That the Ninth International Zoological Congress expresses its disapproval of this custom and appeals to editors to discontinue it.

At their Session held at Monaco in 1913 during the Ninth International Congress of Zoology, the International Commission on Zoological Nomenclature had under consideration the confusion in nomenclature resulting from the custom of issuing authors' reprints or separata in advance of the publication of the work or journal in which the papers in question are to be published. This question had arisen in an acute form in connection with the date of the Trematode name *Amphimerus* Barker, 1911, on which a request for an *Opinion* had been received from Dr. J. W. Stephens.¹

2. In order to deal with the general question without further delay, the International Commission decided to adopt a resolution condemning the advance issue of reprints and separata in this way and agreed "under suspension of the By-Laws if need be" to recommend the Ninth International Congress itself to approve and adopt as its own the resolution adopted by the Commission. In framing their report to the International Congress, the International Commission devoted paragraphs (53) to (56) to this subject.²

,

¹ See *Opinion* 59.
² The Commission attached to their resolution a further clause dealing with the wider question of the need for ensuring that every zoological work should bear on it the precise date of its issue. This supplementary clause was set out in paragraph (57) of their report to the Congress. It is not given here, because it has been thought more convenient to deal with this subject in the next following *Declaration (Declaration 3)*.

3. Paragraphs (53) and (56) of that Report read as follows:—

(53) Date of Authors' Reprints or Separata.—Among the cases recently submitted to the Commission for Opinion is one that involves a somewhat unusual point in respect to reprints. Under the present rules there is no article which permits the Commission to rule that all separata are of the same date as, or of later date than, the original publication, although such a proposal has now been submitted as an amendment to the rules and will be considered in time for the Tenth Congress.3 In the meantime, the Commission has instructed the Secretary to report the following resolutions

to the Congress:
(54) Resolved, That the Commission, under unanimous suspension of the By-Laws if need be,4 recommends to the Congress the adoption of the

following resolution, namely:
(55) Whereas the widespread custom of issuing reprints in advance of the appearance of the original publication gives rise to much unnecessary confusion in nomenclature, be it

(56) Resolved, That the Ninth International Zoological Congress expresses its disapproval of this custom and appeals to editors to discontinue it.

4. The Commission's report was submitted to the Section on Nomenclature, by whom the paragraphs relating to the present Declaration were unanimously approved. The report was subsequently submitted to the Ninth International Congress of Zoology by whom it was considered at the Concilium Plenum held at Monaco on the afternoon of 31st March 1913. It had previously been decided that discussion of particular portions of the report should be confined to the meeting of the Section on Nomenclature. Accordingly when the report was brought before the Concilium Plenum, the Congress was asked to vote on it en bloc. The Congress thereupon adopted and approved the whole of the report against only four dissenting votes. In the circumstances described, these dissenting votes were necessarily directed against the whole report, but in view of the fact that the paragraphs in that Commission's report containing the present Declaration were unanimously adopted in the Section on Nomenclature, it may be concluded that the dissenting votes were intended to refer not to the present subject but to those portions of the Commission's report on which unanimity had not been secured in the Section.

3 Owing to the war of 1914-1918 the Tenth International Congress of Zoology was not held until 1927. This subject was not, however, raised

at that meeting.

⁴ The International Commission appear to have doubted whether the subject dealt with in the present *Declaration* was one on which, under the Sy-Laws of the Commission, they were authorised to enter. It was for the purpose of freeing themselves of any restraints which might thereby be imposed on their liberty of action that the Commission, in recommending this *Declaration* to the Congress for approval, agreed to do so "under unanimous suspension of the By-Laws, if need be". The Congress, in approving the *Declaration* recommended by the Commission, indicated thereby their approval of the procedure adopted by the Commission. thereby their approval of the procedure adopted by the Commission.

- 5. The present *Declaration* was concurred in by the nine (9) Commissioners ⁵ present at the Monaco Session of the International Commission, namely:—
- Allen; Blanchard; Dautzenberg; Hartert; Hoyle; Jentink; Monticelli; Stejneger; and Stiles.
- 6. The following six (6) Commissioners were not present at the Monaco Session and did not therefore vote on the present Declaration:—
- Apstein; Dollo; Jordan (D. S.); Ludwig; Mitchell; and Schulze.

CERTIFICATE:

I, FRANCIS HEMMING, Secretary to the International Commission on Zoological Nomenclature, hereby CERTIFY that the present *Declaration* has been compiled from the records of the Proceedings of the International Commission on Zoological Nomenclature at their Session held at Monaco in March 1913 during the Ninth International Congress of Zoology.

FRANCIS HEMMING

Secretary to the International Commission on Zoological Nomenclature

Secretariat of the Commission, at the British Museum (Natural History), Cromwell Road, LONDON, S.W.7.

10th June 1943.

⁵ There were two Alternates (Dr. K. Jordan and Hon. Walter (later Lord) Rothschild) at the Monaco Session of the International Commission, but on that occasion Alternates attended only in an advisory capacity and were not accorded full voting rights.

THE PUBLICATIONS OF THE COMMISSION.

(obtainable at the Publications Office of the Commission at 41, Queen's Gate, London, S.W.7.)

Bulletin of Zoological Nomenclature

This journal has been established by the International Commission as their Official Organ in order to provide a medium for the publication of:—

- (a) proposals on zoological nomenclature submitted to the Commission for deliberation and decision;
- (b) comments received from, and correspondence by the Secretary with, zoologists on proposals published in the *Bulletin* under (a) above: and
- (c) papers on nomenclatorial implications of developments in taxonomic theory and practice.

Three Parts have so far been published: Part I (introductory, including an account of the functions and powers of the Commission and a summary of the work so far achieved); Part 2 (relating to the financial position of the Commission); Part 3 (containing the official records of the decisions taken by the Commission at their meeting at Lisbon in 1935).

Opinions and Declarations Rendered by the International Commission on Zoological Nomenclature.

Volume I will contain Declarations I-9 (which have never previously been published) and Opinions I-I33 (the original issue of which is now out of print). Parts I-5 (containing Declarations I-5) have now been published.

Volume 2 commences with Declaration 10 and Opinion 134. Parts 1-15 (containing Opinions 134-148) have so far been published. The titles of these Opinions are given on the wrappers to Parts 1 and 2 of the Bulletin. Other Parts will be published shortly.

AN URGENT APPEAL FOR A FUND OF £1800 TO ENABLE THE INTERNATIONAL COMMISSION TO CONTINUE ITS WORK

The International Commission on Zoological Nomenclature urgently appeal for grants to the above Fund to Museums, Research Institutes and other Institutions concerned with any branch of zoology; to Learned Societies and Associations concerned with any aspect of zoology; to Institutions and Learned Societies in the fields of Agriculture, Horticulture, Medicine and Veterinary Science, all of whom have a direct interest in that portion of the work of the Commission which is concerned with the stabilisation of Zoological Nomenclature; to University and other Departments engaged in the teaching of zoology as being directly interested to secure stability in the scientific nomenclature used in biological text-books; and to every individual zoologist who may be in a position to contribute to the funds of the Commission. Full particulars of the purposes for which the above Fund is required are given in Part 2 of the Bulletin of Zoological Nomenclature.

Contributions of any amount, however small, will be most gratefully received. They should be addressed to the Commission at their Publications Office, 41, Queen's Gate, London, S.W.7. Bankers' drafts, cheques, and Postal Orders, should be made payable to the "International Commission on Zoological Nomenclature" and crossed "Account payee. Coutts & Co.".
